GENERAL INFORMATION & RULES

WELCOME: The State Fair of Texas® (“State Fair”) encourages your participation in this year’s Fair. The State Fair staff looks forward to hosting you and your exhibits at Fair Park, and we welcome you to Dallas.

FAIR DATES: The 2018 State Fair of Texas (the “Fair”) will be held at Fair Park in Dallas, Texas, from September 28, 2018 to October 21, 2018, unless postponed, shortened or extended by the Board of Directors, which they reserve the right to do if deemed necessary for the general welfare of all concerned.

HOMELAND SECURITY/EMERGENCY EVACUATION OF LIVESTOCK/PROPERTY STATEMENT: During such time as deemed necessary by local, state or federal authorities, State Fair, and/or its officials may, temporarily or permanently, evacuate Fair Park under the authority of the Homeland Security Act. Incidents such as, but not limited to, extreme weather conditions, bomb threats, terrorist acts, acts of war, declarations of war, code red of the Homeland Security System, etc., will be acted upon in accordance and cooperation with local, state and federal authorities. Priority evacuation will be given to human life, then livestock and/or property. In such cases, exhibitors may turn over the care of their livestock or property to State Fair, or as directed by governmental authorities. Proper animal husbandry practices will be followed within reasonable expectations. At such time the evacuation notice is lifted, exhibitors will be allowed to re-enter Fair Park and claim their livestock or property.

INTERPRETATION OF RULES: State Fair reserves to its Board of Directors the final and absolute right to interpret these General Rules and Regulations, the Youth Livestock Show Special Rules, and/or any applicable special requirements as published in this premium list (collectively, the “Rules”) and to reasonably settle and determine all matters, questions and differences in regard thereto, or otherwise arising out of or connected with or incident to the Fair, and the right to amend or add to these rules as its judgment may determine. An exhibitor who violates any of the following rules may forfeit all privileges, fees paid and premiums awarded and may be subject to such penalties as the Board of Directors may determine. The failure of State Fair to enforce any of the provisions, rules, rights or remedies of this premium list or to exercise any options or sanctions herein provided will in no way be construed to be a waiver of such provisions, rules, rights, remedies, sanctions or options. Special rules or conditions are published in each department where necessary. If there is a conflict between the special rules or requirements of any department or division and the general rules and regulations, the special rules or requirements shall apply.

LIABILITY STATEMENT: All exhibitors and exhibits shall comply with these Rules of State Fair. State Fair shall not be liable to exhibitor for lost profit or other financial loss of any type or description including any special, indirect, reliance, incidental or consequential damages which may be caused directly or indirectly by the enforcement of these Rules, or for any time delays, inadequacies of services of State Fair or any use of the premises or by any deficiency or defect therein. Additionally, State Fair is not responsible for any loss, injury or damage caused by exhibitor or exhibitor’s property that may arise directly or indirectly from exhibitor’s participation at the Fair. Each exhibitor will be solely responsible for any such loss, injury or damage, whether to person or property, and shall indemnify State Fair, the City of Dallas and their officers, directors and employees against all losses, damages and legal proceedings arising there from.

DISCLAIMER OF WARRANTIES: State Fair expressly disclaims any express or implied warranties (including warranty of merchantability), whether the goods or services are provided by State Fair, its vendors or others (such as drug testing). State Fair does not provide special security or guard services for the livestock area and is not responsible for the acts of third parties. Exhibitor (and exhibitor’s parent or legal guardian, if exhibitor is a minor) agrees and acknowledges that State Fair will disqualify any exhibitor whose animal tests positive for ANY drug, even if the exhibitor (and the exhibitor’s parent(s)/guardian) are innocent of any wrongdoing and had no role in the administration of the drug shown by the drug test. Even if the source of the drug is unknown, State Fair shall be entitled to disqualify the exhibitor. Disqualification will result in the forfeiture of all auction proceeds and/or premiums, and the exhibitor may be prohibited from participating in future State Fair shows and competitions.

VETERINARIANS/MEDICATIONS: Animals under the care of a licensed veterinarian and/or taking ANY type of medication, including but not limited to steroids, diuretics, anti-inflammatories, tranquilizers and/or pain killers, are ineligible for competition. Exhibitors with questions regarding medications and/or eligibility should consult the Official State Fair Veterinarian prior to competition. Exhibitor (and exhibitor’s parent or legal guardian, if exhibitor is a minor) agrees and acknowledges that: (1) they are absolutely and solely responsible for the care and custody of their animals; (2) State Fair shall be entitled to disqualify an exhibitor whose animal(s) test positive for ANY medication, even if the exhibitor and the exhibitor’s parents/guardians are innocent of any wrongdoing and did not administer the medication; and (3) the drug test results of the testing laboratories are final and binding upon the exhibitor and the exhibitor’s parents/guardians.

PRESS INFORMATION: Members of the State Fair Agricultural Publicity Staff will be glad to furnish any information

requested by representatives of newspapers, magazines, radio and television stations. Results of judging will be furnished as quickly as reasonably possible. GUEST ASSISTANCE: It is the intention of State Fair that all visitors be welcomed and treated with courtesy and respect. Should guests experience problems with a State Fair employee or vendor, these concerns should be reported immediately to State Fair's Guest Relations or State Fair management, so that the matter can be addressed before the Fair concludes.

FIRST AID STATION: State Fair will maintain a completely equipped First Aid Station staffed by registered nurses, paramedics and ambulances to provide emergency treatment and reference facilities for accidents and illnesses occurring in Fair Park. The First Aid Station is located on the Southwest side of Fair Park Coliseum. Call (214) 421-8723 for assistance. Management assumes no responsibility for accidents in Fair Park.

Any protest as to the eligibility on account of age or breeding of animals must be filed with State Fair management prior to the day on which they are to be judged. No protests will be accepted for over-looked entries.
- b. **INVESTIGATION:** Judging procedures will not be interrupted for protest investigation; and depending on the basis of the protest, a decision may be withheld until a thorough investigation is completed. Any exhibitor who fails to heed the warning will be disqualified and removed from show grounds. Show instruments (i.e.: show

sticks, driving sticks, bats, halters, etc.) are to be used for the purpose of directing animals while they are in transit throughout the barn and while they are being exhibited in the show ring.

 - e. **METHOD OF AWARDING:** No animal will be awarded a prize unless removed from its stall or pen and exhibited, with entry number, before the judge(s) in the designated show ring. State Fair management reserves the right to return entries and cancel any class in which, in its judgement, the numbers of entries are insufficient to ensure adequate competition. Where there are fewer entries in a class than the number of premiums offered, the judge(s) may, at their discretion, award a prize or prizes of such grade as the animal merits.
 - f. **TIME OF JUDGING:** The Livestock Show Schedule, as published in this premium list, will be followed as closely as possible. Exhibitors should ascertain at what time the exhibits entered will be judged. Judging will not be delayed for exhibitors entering the show ring late. Any exhibit not presented promptly at the scheduled time will be ruled out and excluded from competition when the class is called.
 - g. **JUDGING CONTESTS:** When an exhibitor is called upon to furnish one or more animals for any judging contest(s), he or she will cooperate with State Fair management. Refusing to allow an animal to be used in this manner, without State Fair management approval, will result in the forfeiture of any prizes or such other action as State Fair management deems necessary. Selection will be made under the direction of the department superintendent(s).
 - h. **DISQUALIFICATION:** If an exhibit is disqualified there will be no refund of any fees due to disqualification.
 - i. **UNWORTHY EXHIBIT:** Judges shall not award a prize to an unworthy exhibit. It is the intention of State Fair that no premium or distinction of any kind shall be given to any exhibit that is not deserving.
19. **PHOTOGRAPHS/VIDEOS:** Photographs of Champion and Reserve Champion exhibits will be taken by the official photographer of the State Fair. Exhibitors of Champion and Reserve Champion winners must make themselves and their exhibits available for the taking of official photographs with the possibility of videos. 22. **STALLS:** Stall space will only be assigned for animals that arrive on the grounds. Animals entered, but not arriving on the grounds will not receive stall space or first bedding. - a. **STALLING UPON ARRIVAL:** Entries including, but not limited to all market animals, beef cattle and gilts are stalled upon arrival. To pen together, groups MUST arrive together at the staging area. No pen assignments will be made for animals in trailers coming later. Animals will be counted on trailers. Livestock officials reserve the right to deny stall requests.
23. **BEDDING:** Assigned stalls may be pre-bed upon arrival or exhibitors will be provided a coupon that may be exchanged for first bedding material through the State Fair Feed Office on the grounds on the day of arrival only. All additional bedding must be purchased from the State Fair Feed Office.
24. **TIE OUTS:** A limited number of tie out spaces will be sold on a first come first serve basis. Tie outs may be purchased at time of entry or from the Livestock Office upon arrival, pending availability. Tie outs will be assigned upon arrival when the exhibitor provides proof of purchase to the superintendent. Cattle will not be removed to tie outs until 7:00 P.M. daily. All cattle in tie-outs MUST wear a neck-tie. Cattle are limited to the assigned tie-out areas. Tie-out fees must be paid for, in advance, before using tie-outs. Exhibitors are responsible for cleaning before/after use, as necessary.

- 25. FEED/HAY:** Feed grains of all types and hay will be available, at reasonable prices, through the State Fair Feed Office on grounds. Exhibitors are not allowed to bring large quantities of feed, bedding or hay on grounds. However, exhibitors who must use their own feed will be allowed to bring the feed on grounds in limited amounts daily.
- 26. ANIMAL/EXHIBITOR DISQUALIFICATION:** In order to foster fair competition, provide a level playing field and protect the safety of the food chain, the showing of unethically fitted livestock, livestock of ineligible age for exhibition in the class entered, and/or animals being administered unapproved drugs is strictly prohibited. Additionally, any animal that has been administered a drug, even though that drug is FDA approved for its species, is subject to disqualification if that animal tests positive for that drug once it has arrived at State Fair and/or participated in State Fair shows. All animals must remain negative/clear of all drug and chemical residues while on State Fair grounds.
- a. UNETHICAL FITTING:** Unethical fitting means any attempt to alter the natural appearance, conformation, musculature or weight of an animal by any unnatural means. Animals showing any signs of being unethically fitted will be disqualified. Examples of unethical fitting include, but are not limited to, the following:
- Application of any substance to any part of the animal's body, unless specifically allowed in the department rules of that entry
 - Use of injection(s)
 - Draining of fluids
 - Bruising
 - Feeding of material not conducive to the health of the animal, safety of food or marketability of its carcass
 - Surgical alterations
 - Artificially filling animals by stomach pumping or airing injections
- b. OVER AGE ANIMALS:** Over age animals will be disqualified.
- c. UNAPPROVED DRUG USE:** The showing of an animal that during its life has been administered any quantity of any unapproved drug, chemical or medication is strictly prohibited. Such drugs include, but are not limited to, any diuretic, unapproved growth stimulant or other unapproved medication. Unapproved means not approved by the U.S. Food & Drug Administration ("FDA") and/or the U.S. Department of Agriculture ("USDA") for slaughter animals of a species, including animals that may be destined for human consumption.
- d. APPROVED DRUG USE:** If an animal has been administered a drug that is FDA approved for its species, sufficient time must have passed so that the drug has been completely eliminated from the animals system, and the animal does not test positive for that drug upon arrival at the State Fair fairgrounds. Animals must remain free and clear of all drug and chemical residues while on State Fair property and/or participating in State Fair shows. Please note that elimination time (the time it takes for no drug residue to be found in the system) is generally longer than the labeled withdrawal time for most approved drugs.
- e. ANIMAL INSPECTION:** As a condition for participation in the State Fair shows, exhibitor agrees to submit any animal entered by the exhibitor for inspection by any veterinarian or show official appointed by State Fair management. Exhibitor also agrees to have such animal submitted to any tests requested by State Fair. Exhibitor also agrees that the opinion reached by State Fair or its officials as to whether such animal is unethically fitted or over age shall be final and binding without recourse against State Fair, its officials or any of its appointed veterinarians. Further, State Fair specifically reserves the right to have ultrasound, D.N.A., tissue, blood or urine laboratory analysis made on any animal entered for State Fair competition. The conclusions reached by the veterinarian or laboratory shall be final and binding without recourse against State Fair, its officials or any of its appointed veterinarians. An exhibitor of an animal that is found to be unethically fitted, over age, and/or testing positive for any drug or medication or unapproved substance may forfeit all titles, awards, auction proceeds, premiums, scholarships, as well as rights and privileges to exhibit livestock in the future at the Fair. Exhibitor waives any cause of action which he/she might have for any action taken under these Rules, and releases State Fair and any appointed veterinarian from any and all claims or demands whatsoever in connection with the inspection or testing of any such animal or any ruling or action taken by reason of the conclusion of such veterinarian.
- f. UNMANAGEABLE ANIMALS:** State Fair may disqualify any animal deemed unmanageable.
- g. DISQUALIFICATION/CONDEMNATION OF ANIMAL:** State Fair practices a "ZERO TOLERANCE" policy on all residue violations. State Fair reserves the right to condemn and/or disqualify any animal, either live or slaughtered, found in violation of the Rules, and the exhibitor will forfeit all auction sale and/or premium money if the animal is disqualified. If an animal(s) is disqualified, other class placings will not change. A disqualified exhibitor may forfeit all rights and privileges to participate in future Fairs, as well as any and all State Fair scholarship opportunities. Disqualifications due to violations of State Fair Rules as stated in this premium list or the Entry Certification, Release and Indemnity agreement and any consequences will be decided by State Fair management. These decisions may be appealed to State Fair's Board of Directors from whose decision there can be no further appeal.
- 27. OFFICIAL VETERINARIAN:** State Fair contracts with veterinary professionals to be available on grounds for the duration of the Fair. Please contact the Livestock Office to make a request for an animal that needs medical attention.
- a. EMERGENCY TREATMENT:** If an animal requires emergency treatment while on State Fair property, only a licensed veterinarian will be allowed to administer any drug, chemical or feed additive. An exhibitor may choose a licensed veterinarian other than the Official State Fair Veterinarian, but the Official State Fair Veterinarian MUST

be notified in advance and he/she MUST be present. Animals which are administered treatments with a withdrawal or extended elimination time period will be disqualified from competition. The Official State Fair Veterinarian, in agreement with State Fair management, reserves the right to treat any animal if, in the opinion of the Official State Fair Veterinarian, it is in the best interest of the animal's health and well-being to be treated. If the Official State Fair Veterinarian administers treatment to an animal, and therefore uses any medication that does not meet the appropriate withdrawal and/or elimination time, such animal will be determined ineligible for competition.

- Bald face. Appearance when white covers most of the face.
- Blaze or streak face. A wide strip of white down the face to the muzzle.
- Bos indicus (zebu). Subspecies of cattle originating in south Asia; has a prominent hump on top or in front of shoulder.
- Bos taurus. Subspecies of cattle; originated in west Asia but is usually called European.
- Brindle. A streaking of black, brown, or white on the body of the steer (tiger stripe).

- Continental. Breeds originating in Continental Europe; sometimes called European or Exotic.

- Discriminatory Breed Characteristics. Characteristics that are not reason for absolute disqualification but in combination with other discriminatory visual characteristics could lead to disqualification.
- Horned. Horns are solidly attached to the skull, or there is evidence of dehorning.
- Painting. Large white markings covering a major portion of the steer.
- Pigmentation. Dark skin coloring on the points of the steer (eyes, nose, ears, anus, tail).
- Polled. Naturally hornless.
- Purebred. Showing visual characteristics of a particular breed and none of any other breed.
- Scurs. Horny tissue or rudimentary horn attached to skin but not the skull.
- Sheath score. Scoring system from 1 to 5 based on the length of the sheath (1 = little sheath; 5 = excess sheath).
- Smut. Dark gray color pattern.
- Spotting. White spots on the steer.

Summary:

Steers should be selected and shown based only on their visual appearance as that is how they will be evaluated for classification. Classifiers are asked to exercise their judgment. If your steer is classified out, it doesn't mean that the classifier or anyone else is accusing you of lying, cheating, or being unethical. Nor does it mean that the steer cannot be the breed you say it is. Look at breed classification as the first stage of judging. Don't be too upset if the classifier makes (or you think he or she has made) a mistake. It's all a matter of judgment.

- 2. ENTRY APPLICATION/FEE:** An entry application and fee of \$30 per head must be submitted by entry deadline. This fee is not a stall fee. Exhibitors who enter online **MUST** also mail a hard copy printout of all entries to the Livestock Office by entry deadline to be considered complete. Late entries will be accepted until registration check in deadline, for fee per head equal to two times the regular entry fee.
- 3. ASSOCIATION:** American Brahman Breeders Association, 3003 S Loop Ste 520, Houston, TX, 77054, (713) 349-0854
- Animals must be registered in the American Brahman Breeders Association to be eligible to compete in association sponsored shows. The registration certificate (or photocopy) for each entry must be available for presentation to the superintendent or manager of the show at the time entries are verified prior to judging.
- The registration number and animal identification number (number branded on animal) of (1) each animal must be entered in an individual class, (2) the sire of each get-of-sire entry and (3) the dam of each produce-of-dam entry must be listed on the entry card of each animal entered. All offspring born in 2018 must be parent verified with official stamped registration papers from ABBA.
- Entries that have not complied with rules one (1) and two (2) will not be eligible to show, receive premium monies or earn points in the association's Register of Renown.
- Animals to be eligible to be shown in group classes must be entered and shown in individual classes.
- Entries will be listed numerically according to age (oldest first) in catalogs and judging schedules. Include animal identification number (number brand) as a part of identification. When entering the arena for judging, the handlers will line cattle up numerically in the same order.
- Judges will be allowed to comment on placings in selected classes when conditions permit.
- Each animal will be presented in the show ring in its natural conformation and structure without alteration or modification. Alteration or modification shall be defined to include any surgical or circulatory constriction including banding or other appearance change, save only branding, tattooing, foot trimming or dehorning. Injections of foreign substances for cosmetic purposes shall be prohibited. If to the satisfaction of the ABBA's staff, Officers, Executive Committee or Board of Directors; any animal has had its natural conformation and structure altered or been administered steroids, growth hormones or stimulants; then said animal shall be ruled ineligible to compete until such time the show committee and owner/owners have reviewed the case. Any violators, both owner and fitter will be ineligible to exhibit cattle at ABBA approved shows for 5 years.
- In cases where families, companies, corporations, etc., are operated as a unit under the same management but have cattle also registered in the name of individual partners, said cattle, even though bearing a different ownership brand, are eligible to be shown in competition under the firm name provided they have not been and will not be shown in the name of the individuals.
- For females being shown in the three oldest classes ****CURRENT YEAR LESS 3 YEARS**** (females calved Sept. 1 - August 31, 2015 for Fall Shows), exhibitor must have a certificate of pregnancy issued by a licensed veterinarian and will be presented to show officials at time of check-in or registration paper check. The show reserves the right to perform pregnancy determination by palpation for females in the above classes at any given ABBA approved show if an official protest has been filed. For Fall Shows only the last class of females is required to have a calf at side. The only exemption from this rule will be cows that have already weaned a calf and a registration certificate of the calf **MUST** be presented to the judge.
- All bulls will be shown with a nose ring or nose restraint with lead attached. For bulls showing in the oldest class, the exhibitor must have a certificate issued by a licensed veterinarian stating the bull has produced viable semen. This

certificate must be available for inspection by the judge on request.

14. No exhibitor shall be permitted to show more than one produce or embryo - produce of dam, per dam.
15. Cows that are exhibited with calves at side must be in a lactating stage. Calves must be shown and exhibited with their dams and said calves must not exceed 240 days of age on day of judging. The judge will be made aware the ring steward for those cows whose calves are ineligible to show by this rule.
16. Cattle will not be allowed to show if their switches have been balled or glitter applied to their skin.
17. In the get-of-sire and produce-of-dam classes, breeders will not be allowed to show cattle of mixed color. They will be entered as to the color division they are assigned by the Color Committee for the show. If so, the following procedure will apply. All grey cattle and solid black cattle will show grey. Red, black and white speckled or red and white speckled cattle will show red. Cattle with questionable colored pigmentation may be entered in the color division the breeder selects, however, said cattle are subject to inspection by a three member ABBA committee. If the Color Committee disagrees with the breeder, the pedigree of said animal will then be used to aid in the final determination, but color pigmentation will take preference. In those cases, where questionable colored cattle possess both red and grey breeding, then the committee will make the final determination. The decision of the committee is final. Once animals have been classified they will remain in that classification unless they were young at time of classification and it is apparent that they have changed their color. In the get-of-sire and produce-of-dam classes, breeders will be allowed to show cattle of varying color. They will be entered as to the color division of the sire in case of get-of-sire and dam in case of produce-of-dam. In other words, if a get is mixed red and grey and the sire was red; then the get will be entered in the red division show. At split shows where the color committee is not present, a staff member with (2) ABBA directors will clarify questionable colored cattle for that particular show. The final classification will be done by the Color Committee. {Revised 08/99}
18. The owner of record of any registered animal entered in an ABBA approved shows and/or his/her agent, exhibitor, fitter, handler and/or representative releases ABBA and its representatives from any and all liability that seller/owner might claim as a result of injury of any kind sustained before, during, or after handling cattle for any ABBA board approved activity.
19. For shows to remain approved ABBA point shows, show must maintain 75 head average for previous 2 years.
20. The official ABBA rules and procedures governing showing and exhibiting of registered Brahman cattle supersede any rules printed in any show catalog.
21. In an attempt to insure that all animals receive an equal evaluation at the National and International Shows, classes with more than 30 entries may at the discretion of the Show Management and/or ABBA Officials be split by age as evenly as possible.
22. Any animal that exceeds the weight & measurement requirements at the International Brahman Show, National Brahman Show or any other designated show where weights & measurements are taken will be ineligible to show at any future ABBA approved shows until they reach the Junior Division. Any animal that exceeds the parameters and is shown at an ABBA approved show before reaching the Junior Division will be ineligible to show their remaining career. Both the exhibitor and owner of the previously disqualified animal that is shown before reaching the Junior Division will be ineligible to show their animals for 13 months following the infraction.
23. **PREMIUMS:** 1st \$75; 2nd \$45; 3rd \$35; 4th \$30; Group Classes: 1st \$30; 2nd \$15; Grand Champion \$100; Reserve Grand Champion \$50

9. SHOWMANSHIP:

- a. Any exhibitor who shows unassisted may compete in this class.
- b. Animal must be owned and entered by participant to show in this class.
- c. Showmanship ages and class splits will be determined at time of show by a an MBHA or TXMHYO Director.

10. SAFETY: The purpose for the Pre-Junior steer classes is to offer the opportunity to young cattlemen and women to participate in cow shows despite their lack of age required to show in a Junior Show. In many cases, these young people have spent HOURS at the barn with their parents and siblings working "show calves". To go to a show and not be allowed to participate can be boring and tiresome for those with less than developed attention spans. Although the rules and regulations have been set, safety is the most important factor in this event. We want these young agriculturalists to enjoy their showing days, from the beginning on up, so please, make sure the children and the animals are prepared to participate. Animals can be unpredictable, but the more time the exhibitor spends with the animal prior to the show, the better you can expect it to cooperate when the surroundings change.

1. American Angus Association, 3201 Frederick Blvd., St. Joseph, MO 64506, (816) 233-3101, will participate in premiums offered in individual classes for junior Angus heifers, as included in its standard show classifications, according to the premium schedule based on the number of head shown. The premium assistance provided by the American Angus Association for participation in this show is in addition to the premiums offered by the show itself. The Association contributions will be included in the premium checks issued by the show.
2. **VALIDATION:** This show will adhere to the Texas Youth Livestock Validation Program. Failure to abide by these rules will result in disqualification.
3. This is a blow and go show. No clippers requiring an electrical outlet are permitted. Animals are to be shown in natural conformation and color. Grooming materials leaving any color residue are not permitted.
4. A minimum of fifteen (15) head must be shown in the junior Angus heifer classes to receive American Angus Association premium participation. The show is not required to have all classes to be eligible for premiums.
5. Separate classes for bred and owned heifers may be held if the size of the show merits a separate class.
6. Any female shown with a calf at side: the calf must be the cow's most recent natural calf, and the calf must be registered by show day and have the original registration certificate at check in.
7. To be eligible for Association premiums heifer entries must be recorded in the sole name of the junior exhibitor and the issue date on the registration certificate must conform to the individual show's requirements regarding ownership. The Association's contribution is included in the total premiums listed in each class.
8. Premiums from the Association are paid only to registered Angus cattle and only if the registration number is a part of the show report provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the Association's portion of premiums. The Association does not pay a percentage on premiums offered in championship classes. An animal may only be counted one time toward the total count for premium participation by the Association.
9. Exhibitors must have the original registration certificate on each animal available for inspection at the show. Electronically stored registration certificates are NOT accepted - only the original certificates issued by the American Angus Association. Any animal, upon check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks or hot-branded marks) corresponding to the permanent identification mark on the registration certificate is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-tattooed and rechecked at the show.
10. Only one person at a time shall lead animals into the show ring.
11. Exhibitors who participate in shows that accept premium monies contributed by the American Angus Association are subject to the Association Rules as found in the Breeder's Reference Guide of the Association. These rules are found in Part 2; Association Rules. The rules relating directly with the exhibition of Angus cattle are Part 2: Association Rules; Rule 800 Series; including Rule 800-810. These rules can be found at www.angus.org.
12. Altering the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, false tail heads (or use of any false hair), with the exception of false tail switches. The use of graphite, powders, hemp or other similar substances used externally are also prohibited. Other prohibited products include those used internally such as steroids, illegal or unlicensed pharmaceuticals or artificial filling. Any animal found to be in violation will be barred from showing.
13. At any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, individuals assisting exhibitors or member owners at such show shall be allowed to use any coloring agents, on any animal exhibited. The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a "white towel" or "white glove" test. No aerosol cans or other pressurized containers will be allowed in designated make up areas.
14. All animals exhibited are subject to DNA marker or blood type tests to verify accuracy of parentage as covered under

the Association Rules and for other testing as required by the individual show.

15. Authorized representatives of the Association have the authority to enforce the rules set forth herein as well as in the Association Rules, including the barring of a registered animal from a livestock show at which it is to be shown, if there are reasonable grounds to believe a violation has occurred.

16. PREMIUMS: 1st \$50; 2nd \$40; 3rd \$35; 4th \$30; Grand Champion \$1,000; Reserve Grand Champion \$500

**THE PUREBRED DAIRY CATTLE ASSOCIATION
SHOW RING CODE OF ETHICS**

Adopted May 5, 2015

The showing of registered dairy cattle stimulates and sustains interest in the breeding of registered dairy cattle. It is also

an important part of the promotion, merchandising and breeding program of many breeders. For these reasons, the Purebred Dairy Cattle Association (PDCA) believes that it is in the best interest of all breeders of registered dairy cattle to maintain a reputation of integrity in dairy cattle shows and to present a wholesome and progressive image of dairy cattle in the show ring. PDCA endorses this Show Ring Code of Ethics for all dairy breed shows and pledges its full cooperative support for its enforcement to show management, show judges, and the national breed associations. The application of this Code of Ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this Code of Ethics. Dairy cattle exhibitors shall, at all times, deport themselves with honesty and good sportsmanship. It is recognized that there are certain practices in the proper care and management of dairy cattle that are necessary in the course of moving dairy cattle to and between shows that are advisable to keep them in a sound, healthy state so they might be presented in the show ring in a natural, normal condition. At all times, exhibition livestock shall be treated in a humane manner and in accordance with dairy quality assurance practices so as to protect the health, safety and welfare of the livestock and the consuming public. No person shall present for exhibition or exhibit an animal which he or she knows, or has reason to suspect, is affected with or has been exposed to a dangerously contagious or infectious disease, or illegal or nonapproved use of drugs, medication and/or prohibited substance, or residue. The position of the Purebred Dairy Cattle Association is that all animals presented for exhibition shall be in their natural conformation and structure, free of any alteration or modification by injection or internal or external administration of any substance or by any involvement in unethical fitting.

Grooming and Preparation

1. Dairy cattle exhibitions are conducted under standards for evaluating conformation established by the PDCA Unified Score Card (2009), with specific breed characteristics taken into consideration by the show judge. In this connection, animals will be groomed and prepared for the judge's evaluation in order to display the animal's natural contour, conformation, performance and mobility. Specifically:
2. Changing the natural color of the animal is prohibited (effective 6/1/2015). However, external applications of cosmetics that affect only appearance may be used, including by way of example hoof polishes and false switches.
3. The maximum allowable length of naturally growing hair anywhere on the topline is not to exceed 1". Exhibitors will be required to comply with this rule before the animal is allowed to enter the ring.
4. Addition of foreign objects, including but not limited to hair or hair substitutes, cloth or fiber, to change the natural contour or appearance of the animal's body is prohibited.
Externally sealing the teat end with a preparation that does not harm the animal's skin is permissible. Natural teat placement will be given preference over artificially positioned teats.

Violations: False, Deceptive or Unacceptable Practices

These practices are violations of the Code of Ethics and will be reported to show management and may be reported to the respective national breed associations:

1. Misrepresenting the age and/or milking status of the animal for the class in which it is shown.
2. Treating the animal, particularly the udder, internally or externally:
 - a. with an irritant or counter-irritant,
 - b. using a device to artificially create or enhance the udder crease,
 - c. using other substances as detected by testing that causes changes in the udder to artificially improve the conformation.
 - d. plugging of teat canal with foreign substances.
3. Surgical or unethical insertion of any matter under the skin or into body cavities, performed to change the natural contour or appearance of the animal's body (e.g., administration of fluid via a stomach tube or other similar apparatus to fill the rumen), though not to preclude practices required or involved in normal management.
4. Criticizing or interfering with the judge, show management or other exhibitors while in the show ring or other conduct detrimental to the breed or the show.
5. Challenging, threatening or interfering with an ethics committee appointed by show management to monitor the animals on exhibit on the show grounds.

Exhibitor Responsibility

The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter and/or absolutely responsible person (hereinafter referred to as "Exhibitor") for show management to obtain any specimens of urine, saliva, blood, milk, or other substances from the animal to be used in testing. Materials may also be collected by ultrasound and photographic methods and by direct examination of animal.

The act of entering an animal is the giving of consent by the owner, exhibitor, fitter and/or absolutely responsible person (the "Exhibitor") to have disciplinary action for violation of this Show Ring Code of Ethics taken by show management, the state in which the show occurs, and/or the national dairy breed association without recourse.

Show Ethics Committee

Each show should have an Ethics Committee. The make-up of this committee should include official breed representatives, representative(s) of show management (e.g., dairy cattle show superintendent, General Manager), the official show veterinarian, and Extension representative. The Ethics Committee will be responsible for monitoring violations of the Show Ring Code of Ethics. The Ethics Committee will investigate the report of any violation and determine the accuracy of the allegation. The Ethics Committee will have the authority to inspect animals and related material to determine if violations have occurred.

Violations: Reporting and Investigation

Complaints of alleged violations can be reported to the breed superintendent, the show superintendent, show management, and/or the Ethics Committee.

Before An Animal is Shown

If the Ethics Committee suspects that a violation of the Show Ring Code of Ethics will occur if the animal is shown, and that violation is reasonably well established before the animal is shown, the Ethics Committee will submit a report to show management. Show management will discuss the violation with the Exhibitor:

- If, at the Exhibitor's discretion, the animal in question is not shown, no violation will have occurred.
- If the Exhibitor wishes to challenge that a violation occurred, he/she/they will have opportunity to appeal to the Ethics Committee. If its decision is not changed, the Exhibitor will be denied opportunity to exhibit the animal in question.

During and After An Animal is Shown

All animals are subject to examination during judging. The judge and Ethics Committee are instructed to examine the top five (5) animals in each class closely for violations of the Show Ring Code of Ethics. When a violation may have occurred, a milkout may be called for. This call may be by breed association rule, or by request of an authorized representative of the national breed association, the judge, the Ethics Committee, or show management. If an animal is exhibited and a violation of the Show Ring Code of Ethics is subsequently suspected, investigated, and determined to have occurred, the violation will be reported to the Ethics Committee and show management for action. The Exhibitor will be notified of the violation and the supporting evidence and invited to defend or explain the allegations. Violations are subject to the disciplinary provisions of show management, the state in which the show occurs, and the national dairy breed association. Sanctions may include any one, or combination of the following:

- forfeiture or return of awards, prizes, premiums or proceeds;
- written letter of reprimand to the owner, exhibitor, fitter and/or absolutely responsible person (the "Exhibitor");
- disqualification of the exhibition livestock from an exhibition;
- disqualification of the Exhibitor from the show;
- publication of offense.

Disqualification may include any or all shows and classes and may be for any number of years.

History: Adopted by PDCA in March 1969, revised March 1971, February 1977, February 1981, February 1986, February 1988, February 1989, February 1992, February 1993, November 1995, April 2002; April 2004, May 2015.
