HAPPY HALLOWEEN!
FROM BIG TEX

INSTRUCTIONS

Print out this template and cut around the dotted line pattern. Tape or attach your Big Tex template to the desired location of your pumpkin. Be sure to ask for an adult for this next part – carefully transfer the design by poking holes through the pattern using a small sharp object. From there, using the dots as your guide, carve only the shaded parts of the pumpkin using adult supervision.

Share your pumpkin with us on social media!
Use the hashtag #BigTex and tag the fair at @StateFairofTX on all social media channels.
